

GRAND RIVER TECHNICAL SCHOOL

Flexible Learning (Alternative Methods of Instruction)

Grand River Technical School believes it is in the best interest of our post high students to develop a plan to continue learning at home in the event of a crisis or emergency situation, such as any dismissal due to a pandemic situation, government closure, Influenza or COVID-19, or in the event of an inclement weather day due to flood, snow, ice, or cold temperatures.

If/when classes are canceled or dismissed due to any of the above, students will have a flexible learning day(s). Students will receive an email from GRTS to their school assigned account providing instructions from their program instructor on classwork/projects/activities to be completed during this timeframe. Students are encouraged to contact their instructor by email with any questions that might arise over any dismissal period.

It is the responsibility of the student to check their email, complete assignments as assigned, check in daily with the program instructor, and log hours of study or on the job training (OJT).
